

2010 SPRING STANDARDIZED TESTING
 Shelly Taylor's- *Innovative Testing & Evaluation Services*
 938-1138 info@iTestEval.com www.iTestEval.com

Innovative Testing & Evaluation Services is offering a choice of tests, locations, and dates for students in grades K through 12. Test results will be mailed within three weeks of test date.

Choosing the test that meets your need and philosophy of education:

TerraNova Survey(TNS): Group testing for grades 2-8. **New- Ask about parent privately administering grade 1 test.** TNS is a diagnostic test for grades 1-8, covering testing requirements for PA homeschool students: Reading, Language Arts, and Math. Calculators permitted, but not necessary for 5th through 8th grades. Students are asked to bring a book to read if they finish a section early. Test time-2 .5 hours. Fee: \$35 prepaid; \$40 @ door.

Optional- **TerraNova Plus (TNP):** **New-available for parent to rent and privately administer TNP for students in grades 1-8.** The TNP measures achievement in Spelling, Language Mechanics, Vocabulary, Mathematics Computation, Science and Social Studies. Although the TNP **does not** meet PA homeschool test requirements, it does give an added diagnostic breakdown of the child's learning levels. Test time: 2 hours (Parent picks up TNP at testing site and mails completed test and test book back to Shelly within one week.) Fee: \$15 prepaid; \$20 @door.

Woodcock Johnson Achievement Test (WJIII): administered individually to students in grades K-12. Student start at their "basal" and progress until they reach their "ceiling" (or level of proficiency). WJIII consists of comprehensive collection of tests measuring level of achievement in Reading, Spelling, Written Language, Mathematics, and General Knowledge. Individual subtests are organized into clusters, measuring different aspects of each subject area. It is essential for students to be able to **follow precise directions** and understand WJIII **requires a variety** of testing procedures which include: answering numerous oral questions (including an oral math section); using pencil and paper on other sections; orally completing sentences; manually writing sentences; listening to audio recording wearing head phones; etc. Some sections are timed and the pace can be brisk. Limited spaces available for WJIII testing following the TNS. Additional WJIII appointments can be scheduled in my home located at 270 South York Street, Etters, PA 17319. Test time-60 to 70 min. Fee: \$48 prepaid; \$53 at the door.

Peabody Individualized Achievement Test- Revised (PIAT-R): Any student can take the PIAT-R. It is ideal for students who work at a low proficiency rate, physically handicapped, or otherwise disadvantaged. Student start at their "basal" and progress until they reach their "ceiling" (or level of proficiency). PIAT-R consists of: General Information (student orally answers examiner's questions); Reading Recognition (student reads words aloud); Reading Comprehension (student silently reads a sentence and then chooses picture that best illustrates the sentence); Mathematics (examiner reads question; student chooses answer from multiple-choice items); Spelling (chooses correct spelling of a word that was read by examiner); and a short Written Expression (student writes a story from a picture prompt). With the exception of the Written Expression, the PIAT-R is not timed. However, students should "finish in a reasonable amount of time"-usually 1 to 1.5 hours. Appointments for one-on-one PIAT-R can be scheduled in my home located at 270 South York Street, Etters, PA 17319. Fee: \$65 for students I evaluate; \$70 for students I don't evaluate.

LOCATIONS, TIME, AND DATES:
