South Central PA Homeschool Co-ops

The success of a co-op is based on the strengths of the leadership and the preparedness of the teachers.

Co-ops are listed in alphabetic order. Early contact is a must!

Some are "enrichment" co-ops that meet 7 or 8X a semester; some meet weekly; some are academic. Some co-ops are for designated grades; some are multi-graded. Some co-ops include parents co-teaching; some co-ops offer organized classes taught by assigned teachers.
