Central PA Homeschool Co-ops

The success of a co-op is based on the strengths of the leadership and the preparedness of the teachers.

Co-ops are listed in alphabetic order. Early contact is a must!

Special note: some co-ops are "enrichment" and meet 7 or 8 times a semester; some meet weekly. Some co-ops are for designated grades; some are multi-graded. Some co-ops include parents co-teaching; some have an academic emphasis which offer organized classes commonly taught by assigned paid teachers.
